Mr. Dan Schneider  
Executive Director  
SF Urban Riders  
2164 17th Avenue  
San Francisco, CA 94116

Dear Dan:

On behalf of the San Francisco Recreation and Park Department (RPD) I want to thank you for all of your hard work and commitment to the McClaren Bike Park Project over the last two years.

As you may know, we currently manage 220 parks, playgrounds and open spaces in San Francisco. Our system includes over 4,000 acres of open space, 25 recreational centers, nine swimming pools, six golf courses and hundreds of tennis courts, ball diamonds, soccer fields and basketball courts. In addition, we also have the great privilege of stewarding some of this City's most spectacular icons, including Golden Gate Park, and Coit Tower.

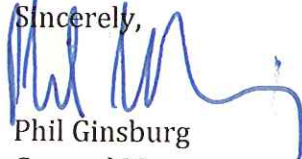

In that spirit, we are always looking for ways to provide additional exciting and high quality recreational opportunities to our park visitors. The McClaren Bike Park Project will not only connect the local community to their park but also allow us to promote a healthy lifestyle dedicated to riders of all ages and backgrounds that live in our incredibly diverse city.

The San Francisco Urban Riders (SFUR) have been an incredibly strong and valuable partner in this exhilarating endeavor. More importantly, this project will build upon our upcoming partnership on the Youth Mountain Biking Program launching next month at McClaren Park.

We are tremendously excited to strengthen our partnership SFUR on this project and are looking forward to participating with you in the upcoming community design concept development meetings to further refine and create the final proposal. Our goal is to present the final concept design for approval at the June RPD Commission meeting.

Thank you again for all your efforts so far and I am looking forward to working with you on this project.

Sincerely,

Phil Ginsburg  
General Manager
